Sara,

I appreciate that you looked at the webpage for information. I'm in the process of adding a few technical documents to the webpage but it won't have emails. As you know, request for information needs to be handled through the FOIA process, and you can submit a request under FOIA to EPA through FOIAonline: <https://foiaonline.gov/foiaonline/action/public/home>. I'm sorry it hasn't worked well for you in the past. I can't promise that it will help you get what you are looking for, but if you submit a request I recommend that you be specific and open in what you are seeking without negatively limiting your scope. For example, you might want to think about whether to request email communications specifically to or from certain people, or based on a certain subject. Regardless, the FOIA request most likely would be assigned to me, and we could then have a conversation to clarify your request so EPA can best assist you in providing available records that would be helpful to you.

Regards,
Janette

Subject: CONTAINER PROPERTIES LLC - Inquiry

Janette,

I would like to request files related to the Container Properties LLC (EPA RCRA ID: WAD009282302) property. Specifically, I am interested in recent emails regarding the pilot studies, the 2014 Corrective Measures Study, the 2021 pre-Corrective Measures Study, and information on sediments.

Would you be able to point me toward the best method for obtaining this info? Does it currently exist on the website ([EPA RCRA ID: WAD009282302 | US EPA](#)) or should I submit a FOIA? I've had a lot of issues with getting any meaningful response using the FOIA method in the past, so I would love to find out the best way to proceed.

Thank you in advance for any input you can provide.

Sara Haynes, R.E.P.A., Associate Environmental Scientist/Engineer
